MONEY SLIGHTLY EASIER.

Secretary Shaw Still Sees No Need of Interfering.

The money market was rather easier yesterday than on Monday, although the call money rate advanced as high as 18 per cent, and most of the day's loans were at 16 per cent. The growing case in money manifested itself in the afternoon, and with this change began a general purchasing movement in the stock market which, in the late trading, occasioned sharp advances. The close showed material net gains for the great majority of the issues in which there had been transactions.

The Secretary of the Treasury again defined his position, announcing that he still saw no occasion to give aid to the money market. A good deal of money was again loaned direct in Wall Street by out of town interests, and it was rather generally believed in the financial district that the Secretary might within a short time deposit government money in interior in-stitutions. About \$1,000,000 gold has been re-ceived here within the last day or so from Canada, to be added to the cash resources of the local banks.

the local banks.

The liquidation effected on Monday, of course, was a factor in the strengthening of the banking position. Large loans placed by foreign capitalists also played a part. The demand sterling rate rose slightly in the course of the day, with the easing of the call money rate, and the prespect of gold importations in the near future is now small.

TODD ESTATE ORDER.

Surrogate Appoints Lincoln Trust Company Temporary Administrator.

Surrogate Thomas vesterday decided to appoint trator of the estate of Mrs. Margaretta Todd, the sged woman of this city found dead on the tracks of the Philadelphia and Reading near Fairmount Park, Philadelphia, on the evening of October 27. Ingersoll Lockwood, Mrs. Todd's attorney, failed appear at the hearing. His attorneys, Alter & Cochrane, opposed the appointment of an admin Istrator, alleging that Lockwood has been persecuted, but they finally consented to the appointment of the trust company. Mrs. Todd's grandson, Milton Berolsheim, was represented by his attorneys, O'Reilly & Meyer. They demanded connection with the trust company, but the Sur-regate refused, stating that it would be contrary to his custody to take the action they asked. The attorneys of Lockwood and of Beroisheim will be formally notified to-day of the appoint-ment of the trust company, and the new admin-istrator will file its bonds. It is usual to give two or three days to this procedure, but the Surrogate will act with expedition in this case, and will sign the order formally appointing the adminis-trator to-day. The trust company will take pos-session of all the estate which it can find, includ-ing the mail held at the Madison Square branch of the postorice and the trunks and boxes in the safe deposit vaults.

of the postorme and the trust and obeas as safe deposit vaults. George Gordon Hastings, the attorney for Mrs. Rosalle Tousey, Mrs. Todd's daughter, expects that the trust company will immediately begin an inguiry into the source of Lockwood's present in-come and into what became of the alleged will of

FRAUD ORDER AGAINST NEW-YORKER.

Had Advertised for Heirs to English Estates -Were "Castles in Spain."

[From The Tribune Bureau.] Washington, Nov. 14.-Fraud orders were issued to-day by the Postoffice Department against the Globe Detection and Information Bureau, of No. 60 Wall-st. (Maxwell Byrd, manager); the Pond Drug Company and Andrew Hoch, of No. 148 Johnson-st., Buffale, N. Y., and the People's Supply Company, of New-Con-

The Globe Detection and Information Bureau advertised that legacies were lying around in Great Britain waiting to be picked up. Persons who sent them \$2 to pay for the "incidental expenses" which the company charged, received in response a book containing a list of estates in England on which there could be no possible

claim by Americans.

The Pond Drug Company, of Buffalo, was put out of business for advertising for sale medicines to be used for criminal purposes. The People's Supply Company advertised for sale an egg preservative, and explained how easy it was to grow wealthy buying eggs for 10 cents a dozen in the summer time and selling them for 40 cents a dozen in the winter. Incidentally, the company sold 25 cents' worth of "preservative" for \$2.50.

The Globe Detection and Information Bureau has left No. 60 Wall-st., and no representative of it could be found yesterday.
